**Westminster School

How do you take a great choir and make it excellent?

If you are a singer involved in a vocal ensemble, this workshop will advance your abilities as a chorister and/or choir leader by teaching you how to gain better control of your instrument, how to blend your voices, choose repertoire, how to effectively communicate with your audience and give you an opportunity to get up close and personal with one of Australia's greatest vocalists. There'll be techniques and practical exercises you'll take home with you to use with your choirs, plus a healthy dose of fun along the way!
